

Gloucester Quays

Gloucester Docks, Gloucester

The Project:

Gloucester Quays is a thriving mixed use development located in the heart of Gloucester next to the historic docks area. The £400 million scheme is one of the largest and most ambitious regeneration projects in the UK.

The Challenge:

Working within a very demanding site construction programme with challenging deadlines our role involved creating a site wide BMS solution that facilitates a pleasing year round retail environment and provides monitoring and reporting for approximately 100 outlet concessions and critical plant.

The Solution:

- › Supply Open Protocol distributed site wide BMS for multiple plant locations.
- › Provide a comprehensive BMS Supervisor in Management Suite that supplies interrogation, monitoring and alarm reporting services for the extensive site portfolio.
