

Tewkesbury Leisure Centre

Tewkesury, Gloucestershire

The Project:

The project consists of a £7.5 million state-of-the-art fully fledged leisure centre to replace an aging and costly facility.

The leisure centre features a 60 station fitness suite with top of the range fitness equipment, a 25m five-lane main pool, a 20m teaching pool and two studios, as well as a sauna and steam room.

The Challenge:

- › Provide a future proof BMS system based open technology.
- › Provide BMS integration.
- › Ensure system is user friendly and can be operated correctly by leisure centre staff who have limited technical knowledge.
- › Provide high quality Building Management System to control and monitor the facilities boiler and heating plant in an energy efficient manner whilst providing user friendly operation of the system.

Client:

Places for People Leisure

Market Sector:

Sport & Leisure

Programme:

26 Weeks

Value:

Circa £88,000
